- Vehicle Route

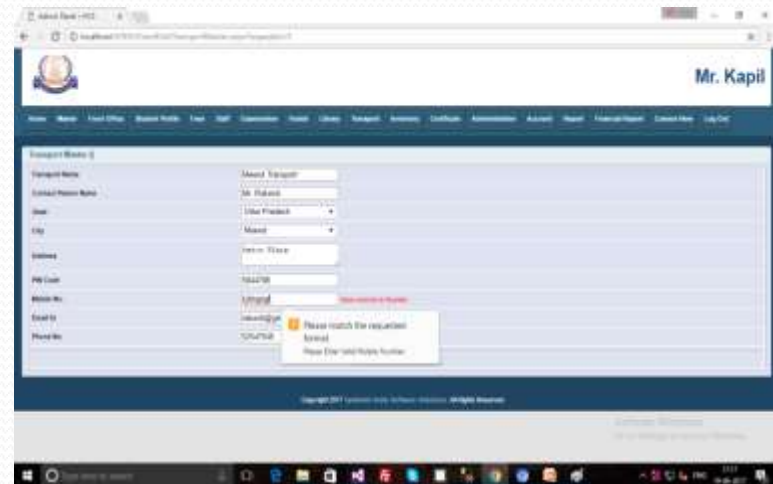

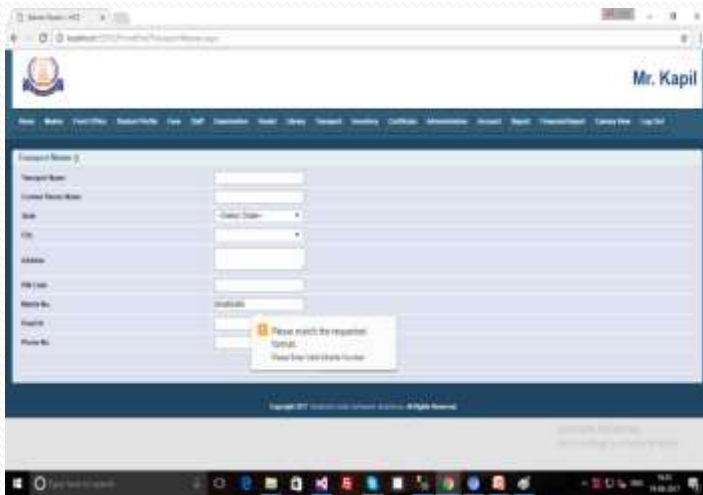

Transport (Transport Master)

This master form is use to add transport detail. There are many text box to fill the details of transport as the Transport Master form.

Transport (Transport Master)

We have put some conditions inside every form, such as mobile number and email id written correctly. If we enter the Mobile Number and email id incorrectly then a message will show on the form. As shown in the below screen short. And these conditions have been used in all forms.

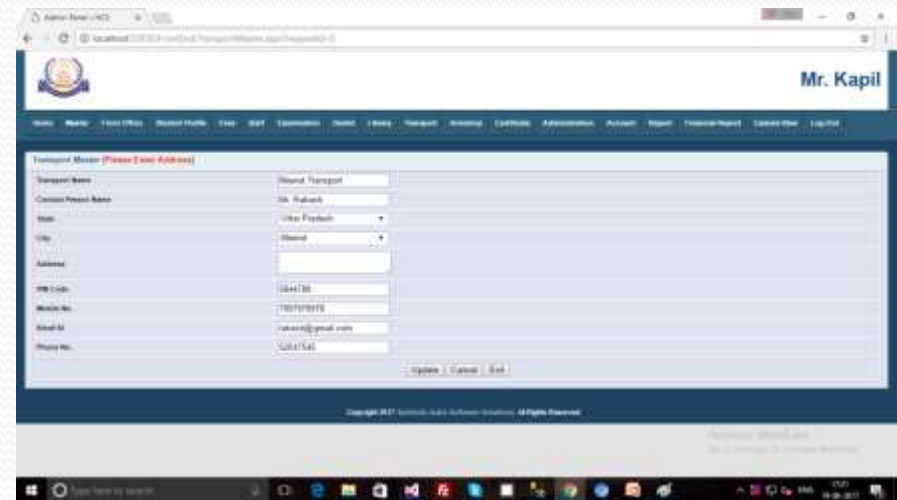

Transport (Transport Master..)

Every Text box must be fill the entry. If we leave any entry in text boxes, then we will see a message in red colour. And these conditions have been used in all forms.

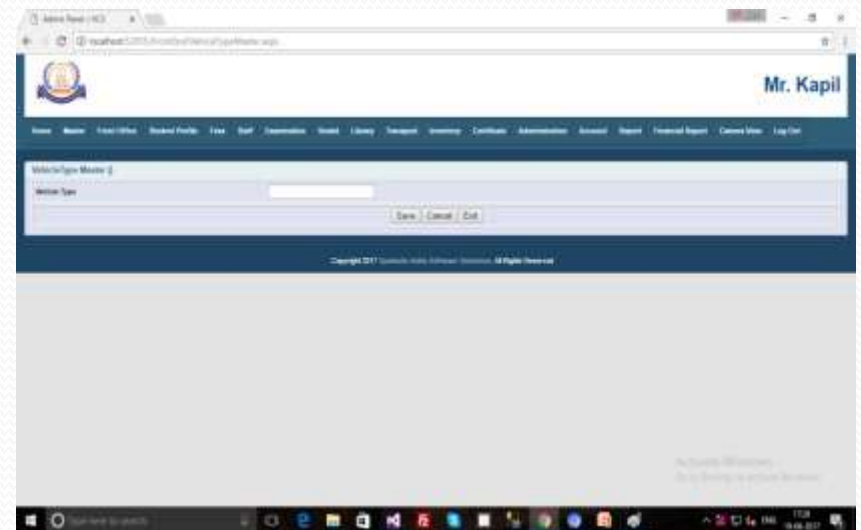

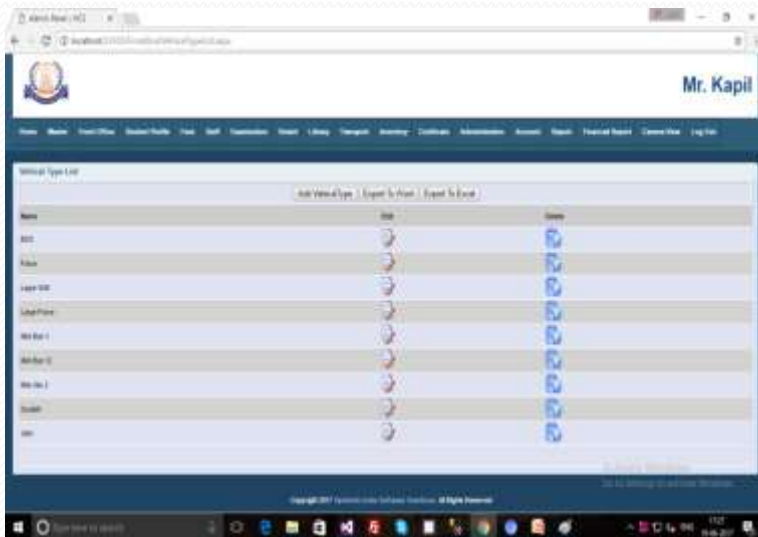

The screenshot shows the 'Transport Master' form in a web browser. The form is titled 'Transport Master' and is displayed under the user 'Mr. Kapil'. The form contains several text boxes for data entry, including 'Transport Name', 'Contact Person Name', 'State', 'City', 'Address', 'PIN Code', 'Mobile No.', 'Email ID', and 'Phone No.'. A red error message is displayed at the bottom of the form, stating: 'Please include an "@" in the email address. "Email" is missing an "@"'. The form is set against a dark blue header and footer.

The screenshot shows the 'Transport Master' form in a web browser, similar to the previous one. The form is titled 'Transport Master' and is displayed under the user 'Mr. Kapil'. The form contains several text boxes for data entry, including 'Transport Name', 'Contact Person Name', 'State', 'City', 'Address', 'PIN Code', 'Mobile No.', 'Email ID', and 'Phone No.'. A red error message is displayed at the top of the form, stating: 'Please Enter Address'. The form is set against a dark blue header and footer.

Transport (Vehicle Type)

Below master form is use to add the Vehicle Type in the master form.

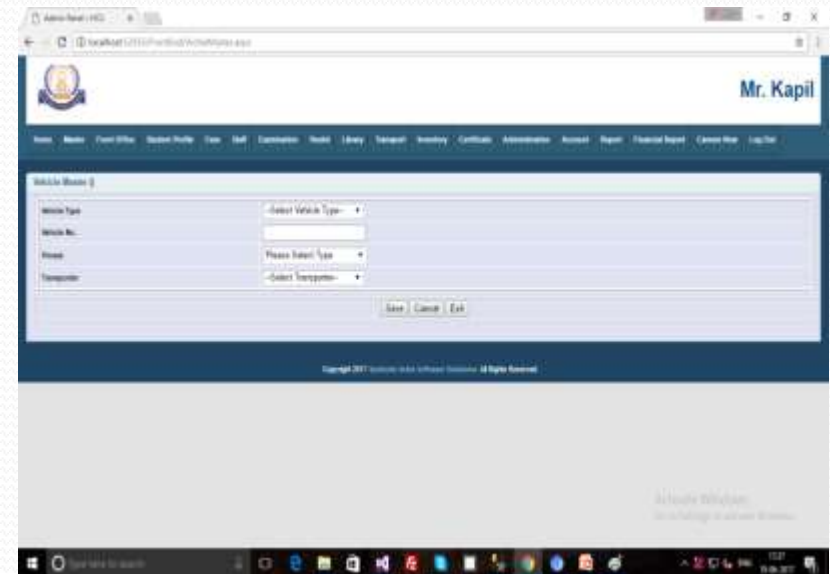

Transport (Vehicle Master)

This form is use to add the details the Vehicle type, Vehicle Num, Vehicle Private or not if Vehicle not Private then enter the value of Transport and if Vehicle is Private then Transport Entry will be “hide”.

The screenshot shows a web application interface with a table titled "Vehicle List". The table has columns for "Vehicle Name", "Vehicle No.", "Private", "Transport Name", and "Date". There are 10 rows of data. The "Private" column contains "Yes" for most entries, and "No" for two entries. The "Transport Name" column contains "No Transport" for private vehicles and "Vehicle High Case" for non-private vehicles. The "Date" column contains dates like "10/10/2017" and "10/10/2018".

Vehicle Name	Vehicle No.	Private	Transport Name	Date
800	UP 11 42 1402	Yes		10/10/2017
800	UP 11 42 2001	Yes		10/10/2017
800	UP 11 02 1034	Yes		10/10/2017
800	UP 11 04 0244	No	No Transport	10/10/2018
800	UP 11 04 0244	No	Vehicle High Case	10/10/2018
800	88	Yes		10/10/2017
800	887	Yes		10/10/2017
800	887	Yes		10/10/2017
800	UP 11 07 2302	Yes	No Transport	10/10/2017
800	889	Yes	No Transport	10/10/2017

The screenshot shows a web application interface with a form titled "Vehicle Master". The form has fields for "Vehicle Type", "Vehicle No.", "Private", and "Transport". The "Vehicle Type" field has a dropdown menu with "Select Vehicle Type" as the selected option. The "Vehicle No." field has a text input. The "Private" field has a dropdown menu with "Private Status Type" as the selected option. The "Transport" field has a dropdown menu with "Select Transport" as the selected option. There are "Save", "Cancel", and "Exit" buttons at the bottom of the form.

Transport (Reference From Master)

This master form is created for people with references person. Because if we take the any outer work then we require the reference Person. So, we design it. And there are same processes to fill the entry.
